- Computer Application

PERSONAL PROJECTS

College Enquiry with Chat Bot

- **COMPUTING Environment:** PYTHON, ANDROID, MYSQL

In this paper we provide the design of a chatbot, which provides an efficient and accurate answer for any query based on the dataset of FAQs. Template based and general questions like welcome/ greetings and general questions will be responded. This chatbot can be used by any colleges to answer FAQs to curious students in an interactive fashion. The interactive modules in this system are admin ,staff, student, public and chatbot
